Patent No. 6,880,027

Issued April 12, 2005

SYSTEM AND METHOD OF EVALUATING  
UNIVERSAL SERIAL BUS FUNCTION

PETITION FOR A DUPLICATE LETTERS PATENT UNDER 37 CFR §1.182

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

May 10, 2005

Sir:

It is respectfully requested that a duplicate Letters Patent for the above-captioned U.S. patent be promptly issued for the following reasons. Although the firm of the undersigned attorney has received a soft copy of U.S. Patent No. 6,880,027, it appears that the original Letters Patent was never received. Indeed, despite a diligent and thorough search for the original Letters Patent, it would appear that the same is definitely and irretrievably lost.

Accordingly, it is respectfully requested that a duplicate Letters Patent be promptly issued to the undersigned attorney of record.

05/11/2005 JADD01 00000093 250120 6880027

01 FC:1464 130.00 DA

The Commissioner is hereby authorized to charge the requisite 37 CFR \$1.17(h) petition fee of \$130 to counsel's deposit account No. 25-0120, as well as any other fee that may be required for granting this petition.

Respectfully submitted,

YOUNG & THOMPSON
